Sir:

INFORMATION DISCLOSURE STATEMENT

Pursuant to 37 C.F.R. §§ 1.56 and 1.97(b), Applicants bring to the attention of the Examiner the documents listed on the attached PTO 1449 which have been cited during the prosecution of related foreign patent applications. Applicants respectfully requests that the Examiner consider the listed documents prior to the first examination on the merits and indicate that they were considered by making appropriate notations on the attached form.

Copies of U.S. 5,003,300 (Wells), U.S. 6,091,546 (Spitzer), WO 9949655 A1 (Mann), WO 0063763 A1 (Mitchell), WO 0055714 A1 (Messer), WO 9957628 A1 (Guerlain), and GB 2292038 A (Lam) are attached to this paper.

This submission does not represent that a search has been made or that no better art exists and does not constitute an admission that each or all of the listed documents are material or constitute "prior art." If the Examiner applies any of the documents as prior art against any claims in the application and Applicants determine that the cited documents do not constitute "prior art" under United States law, Applicants reserve the right to present to the office the relevant facts and law regarding the appropriate status of such documents.

Applicants further reserve the right to take appropriate action to establish the patentability of the disclosed invention over the listed documents, should one or more of the documents be applied against the claims of the subject application.

Respectfully submitted,

Christopher M. Tucker
